Penetron Admix – Potable water approved

We herewith confirm that Penetron Admix has been approved for usage in potable water projects and complies with the national health and environmental standards as stated in the following documents:

- SCC Scandiaconsult (SWEDAC Swedish Board for Accreditation and Conformity Assessment) – dated August 9, 2000 (Evaluation of the inherent properties of the product system Penetron, regarding health and environment)
- United States Environmental Protection Agency (File number 11-018.00-AEB-84) – dated October 11, 1985
- NSF Certificate (No. 1P551 – 01) – dated October 21, 2004

For further information and enquiries, please do not hesitate to contact ICS Penetron International Ltd.

With kind regards,

Robert Revera
CEO/Managing Partner
